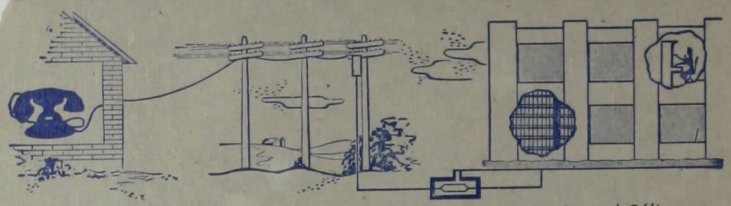
ILLINOIS BELL TELEPHONE COMPANY

PAGES 1 TO 5 CONTAIN HELPFUL INFORMATION ABOUT YOUR TELEPHONE SERVICE
EMERGENCY NUMBERS ON PAGE 1

EEDED — More than a telephone
To give you service



1. Instruments 2. Outside Plant 3. Central Office

IT TAKES ALL THREE

1. Telephone instruments.

LONG DISTANCE CALLS ARE GOING THROUGH FASTER NOW

Long Distance telephone service brings you as close to residents of San Francisco as you are to people in neighboring towns. And Long Distance calls are going through faster, too.

Our many new "voice highways" and other equipment are bringing faster out-of-town service here. We invite you to use Long Distance. See how convenient and friendly this service is.

SOME LONG DISTANCE RATES

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY

RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25 Cents or Less, 5 Minutes)

LAKE COUNTY PUBLIC LIBRARY

At Your Service

Your telephone account is handled by a young lady in our business office, called a Service Representative, whose job is to make sure your telephone service is satisfactory at all times. Whether you're moving your telephone to a new location, or have a question about your bill, or about your telephone service, she'll be glad to help you. If you're moving or discontinuing service, please let us know as far as possible in advance. Just call or dial 9981, (Dyer subscribers Dial "0" (Operator) and ask for Business Office and you'll be connected with your Service Representative.)

If you prefer to transact business in person, we shall be glad to see you at the Business Office. (For location of your business office, see page 1.)

USE THIS DIRECTORY FIRST

When you're not sure of a number you are calling, use this directory. Guesswork may inconvenience you and an incorrectly called party.

Actually, a great many calls to "Information" are unnecessary, since they are for numbers listed in this directory. So, please don't ask our Information operators to look up numbers unless you're sure they are not listed in the directory.

For faster service—refer to your directory, using the number listed. Your cooperation is appreciated.

YOUR TELEPHONE NUMBER

Occasionally, in the past, it has been necessary to change the telephone numbers of some of our subscribers. It may, likewise, be necessary to change some numbers in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

Charges for telegrams placed by telephone will appear on your monthly telephone bill by arrangement with Western Union. This arrangement does not apply to cablegrams or radiograms. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

FOR YOUR PROTECTION

Naturally, our customers want to take every precaution to prevent unauthorized persons from entering their homes or places of business.

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs which they will gladly show you. If you have the slightest doubt about anyone who calls "from the Telephone Company," **ask to see his credentials.**

LOOKING AHEAD IN THE TELEPHONE BUSINESS

In the months and years ahead, the Bell System intends to go forward providing a service more and more free from imperfections, errors or delays, and at a reasonable cost.

Here's a bird's-eye view of our long range program:

1. Obtaining and installing enough wires, cables, telephone instruments, and switchboards and other equipment in the telephone exchanges to catch up with the growing new demand for telephone service.
2. Hastening the day when we can provide normal reserves of telephone equipment, so that we may meet the needs of our customers everywhere when they arise.
3. Expanding the long distance network—adding new "voice highways" and other long distance equipment—to continue to give fast and economical service on out-of-town calls.
4. Continuing to provide television and radio facilities. The Illinois Bell aims to have equipment ready for sending visual images of local events to television transmitters when telecasters ask for them.
5. Providing more and better telephone service to farmers and others in thinly populated or rural areas.
6. Extending service in such fields as service to motor vehicles, ships at sea and on the rivers, overseas telephone service, etc.

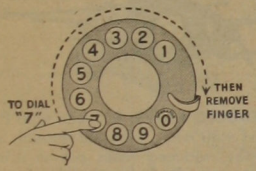
How to Use Your Telephone

IF YOU ARE A DYER SUBSCRIBER

THREE SIMPLE RULES FOR DIAL CALLS

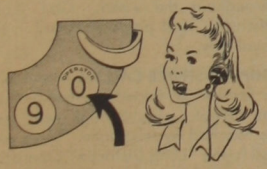
1. **Look in the directory** if you're not sure of the number.

2. **Hold the receiver to your ear.** Listen for dial tone—a steady humming sound. This is your signal to start dialing. **Listen for it before dialing.**



3. **Dial the figures of the number** as they appear in the directory. Pull the dial all the way around until your finger strikes the metal finger stop, then **remove** your finger and let the dial return by itself.

IF YOU NEED ASSISTANCE



Dial "0" (Operator) if you need assistance. But remember, it is faster to dial yourself.

If for any reason you cannot see the dial, feel for the opening just below the finger stop. Pull the dial all the way around, release it, and the operator will answer.

TO CALL ANOTHER PARTY ON YOUR LINE

If the first three figures of a telephone number are the same as the first three figures of your number, this telephone is on your line.

Party line customers when calling another party on their line dial a special code number to ring the desired telephone—**not** the telephone number as listed in the directory for that party.

The Code Number Consists of three figures

The first figure is always "9". The second is the last figure of **your** number. The third is the last figure of the desired party's number.

Suppose, for example, your number is "7351" and you are calling "7352". The code number in this case is "912".

How To Place Your Call

- After dialing the code number, hang up your receiver. Your bell will ring at intervals indicating that the other telephone is ringing.
- When the ringing stops, the other party has answered.
- Remove your receiver and proceed with conversation.

If your party does not answer within a reasonable period, remove your receiver momentarily in order to clear the line.

TO DIAL FROM A COINBOX LINE

To call a local number

Remove the receiver from the hook, but **do not** deposit coin. Listen for the dial tone. Dial the number wanted.

When the called number answers, you will hear the dial tone again, then deposit coin PROMPTLY.

To call out-of-town places

Remove the receiver from the hook, but **do not** deposit coin.

Listen for the dial tone.

Dial "0" (Operator). When the operator answers, give the call to her; deposit coin when the operator asks for it.

LINE'S BUSY—THEY DON'T ANSWER

Within a few seconds after you finish dialing or giving your number to the operator you will hear:

The ringing signal—an interrupted "burring" sound. If, after a reasonable time, your party doesn't answer, hang up.

The busy signal—a "buzz-buzz-buzz" sound. If you hear this signal, hang up before making another call.

FROM NON-DIAL TELEPHONES

THREE SIMPLE RULES FOR PLACING CALLS

1. **Look in the directory** if you're not sure of the number. If you do not find the number ask for "Information."

2. **Listen for operator's** "Number, please?"
3. **Give number to operator.** Always speak distinctly in an ordinary tone of voice directly into the mouthpiece.

TIPS TO TELEPHONE USERS

"BEEP" TONE TELLS WHEN CONVERSATION IS BEING RECORDED

If you hear a brief, high, almost musical note on your telephone line while you are talking—a sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

The signal is produced automatically by the device used to connect the recorder to the telephone line, and it is provided by the telephone company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. The "beep" signal stops when the recorder is disconnected.

Use of a recorder without this signal is unlawful.

"PARTY LINE COURTESY" PAYS

The best party-line service for all depends on courteous, co-operative use of the line by all.

You can do **your** part by following these suggestions:

- Listen a moment to make sure the line is clear before you call.
- Hang up quietly if the line is in use.
- If it is necessary for you to make consecutive calls, wait a few minutes between each call.
- Answer your telephone promptly.

YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (For a list of these nearby cities, please see the table on page 5 of this directory.)

"If you don't know the number of the telephone you wish to call please refer to the directory first. If you don't find it, ask for 'Information' or from a Dial telephone, dial '0' (Operator) and ask for 'Information' who will obtain the number for you.

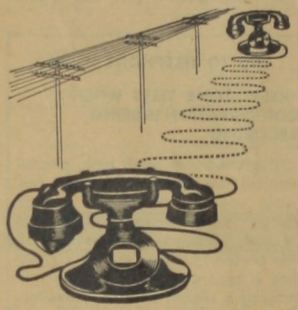
"Person-to-person and Collect calls to nearby towns are handled by a Long Distance operator."

"LONG DISTANCE"

"I'm your Long Distance operator, and your regular operator will connect you with me. From a Dial telephone, dial '0' (Operator) and ask for 'Long Distance.'

"Long Distance calls are fast. In less than two minutes, on the average, you're talking to your party or have a report on your call. We invite you to use this dependable service.

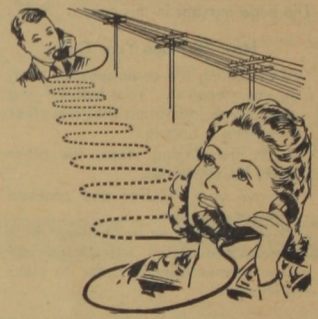
"When you do use it, I'll appreciate it if you'll give me the number of the party you are calling. It will help your call go through that much faster."



STATION-TO-STATION

When you want the operator to do nothing more than ring a telephone number, place your call "Station-to-station." Charges begin when anyone answers at the called telephone or private switchboard. Station-to-station rates are lower than Person-to-person rates.

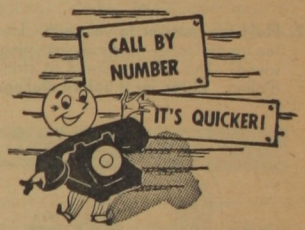
For faster service, you are urged to place these long distance calls by telephone number whenever possible.



PERSON-TO-PERSON

Make a "Person" call when you want a particular person, or a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges don't begin until the person or department you want answers.

If you call from one point to another in Illinois, a "Report Charge" is made if the person you want cannot be reached and you ask the operator to cancel the call.



COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station call or Person-to-person call with one exception: There is a small additional charge on Station-to-station calls when the regular rate is 25 cents or less and to telephones outside of Indiana when the regular rate is 20 cents or less.

REDUCED RATES: Between 6:00 P.M. and 4:30 A.M., Monday through Saturday, reduced rates are in effect. Rates are also reduced all day Sunday and on Thanksgiving, Christmas and New Year's. The reduced rates apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

OVERSEAS CALLS: You may talk by telephone to any one of more than 60 countries, territories and dominions throughout the world. Call "Long Distance" and place your call in the usual way.

SHIP-TO-SHORE CALLS: Certain ships in harbor or inland waters and on the Great Lakes or high seas may be reached by telephone. Give your call to the "Long Distance" Operator.

MOBILE CALLS: Two-way voice communication between cars, trucks, etc., and any telephone reached by the Bell System is now established as a new Bell System service. If you wish to place a Mobile Telephone call, call or dial "Long Distance," and tell operator you wish to place a Mobile Telephone call.

PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making Station-to-station calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. Long Distance places are marked with an asterisk (*). To all places not marked with an asterisk, please place your call through your regular operator.

Rates shown are Station-to-station rates for the initial talking period. This period is five minutes, with the exception of Station-to-station rates of 30c or more—where the initial talking period is three minutes.
